the christian movement is entering a new postcolonial era with centers of the faith on all continents american christians have often felt uniquely qualified to lead this growing movement because of a long history of sending missionaries and funding mission projects yet something is hampering the relationship between western and non western churches preventing the dynamic synergism that christians might expect roots and remedies of the dependency syndrome in world missions robert reese identifies this hindrance as the dependency syndrome a relic of colonial mission methods with three decades of experience in zimbabwe reese explains the roots of dependency and how this continues to cloud the vision of many well meaning western christians he documents the tragic results of relying too much on foreign ideas institutions personnel and funding that sideline non western churches from fulfilling the great commission reese addresses remedies for dependency examining healthy mission models tried and tested since the days of the apostle paul from issues that arise from globalization to best mission practices in the twenty first century roots and remedies aims to achieve what most christians are seeking but

find elusive how all parts of the diverse body of christ around the world can cooperate productively to bring christ where he is not now known without creating dependency

the churches from the whole world are joined in the effort to reach the whole world although it has been documented that western missionaries serving outside their countries still comprise the majority of world missions workers the growth rate of majority world missionaries far outpaces that of the west in recent years while western missionary forces are shrinking in numbers and possibly in influence missions from the majority world have proliferated bringing amazing progress and some challenges missions from the majority world represents the thinking of 14 majority world mission scholars and 10 westerners with lengthy experience in the missionary enterprise the book shows the progress and challenges of missions from the majority world and illustrates this by case studies from asia africa and latin america
